Colored Man Killed.

Wm. Lewis, colored, arrested by SpecFrank Exum, colored, forty years of ial Officer Mullen as a suspicious charage, of Anacostis, D. C., was run over by the electric train which left this city at 7:15 Saturday night on 14th street near B northwest, Washington, and in-stantly killed. Several witnesses of the accident say that Exum was struck in the face a few moments before by a Officer Young charged with using abu young white man, said to be Thomas Eunis, of this city, and all seemed to think that the colored man was dazed by the blow and that this had some bearing on the fatality. The colored man's assailant jumped from the train immediately after delivering the blow, and although he was heavily

disappeared among the trees of the mall.

Just where Exum boarded the train in not known, although it is supposed he got on at the north end of the High-way bridge He was standing on the front platform of the trailer. The white man, who was apparently intoxicated at that time, coupled a position on the lower step just in front of Exum, and it is alleged that the former seemed determined upon resenting some real or fancied affront. He was heard to address Exum in a threatening manner, and immediately thereafter he struck the colored man a terrific blow in the face. The assailant then swung to the ground, falling heavily on the pavement and rolling over and over. Another mao, who was said to be his traveling companion, followed him from the train and

they ran away together.
Whether the blow so dazed Exum that he was unable to direct his movement or whether he leaped to the ground with the intention of pursuing his assailant probably never will be known. He fell forward and immediately under the wheels and his body was terribly mangled.

Responding to an emergency signal the motormsu set the brakes, but Exum was dragged a considerable distance, and when the train was finally stopped his head was under the front trucks. At the time of the occurrence the train was traveling at the rate of ten or twelve

A card found in the pocket of the dead man after he had been placed in the morgue indicated that he had been a patient at the Emergency Hospital about a year ago, and that he had been a sufferer from locomoter staxia.

The train, which was crowded, was in charge of Motorman Henry V. Kelly, Conductor Stephen Sorrell and Trolleyman Kincheloe. A loaded revolver sup-posed to have been the property of the colored man, was found under his body after the train had been brought to a standstill.

Ennis was arrested at a late hour Sat-Ennis was arrested at a late nour Saturday night. He was taken into custoday by Officer Nicholson and Kuight as he was returning to Alexandria on the electric train which left Washington at that a small percentage of Alexandria. 11 o'clock He was subsequently turned over to Detectives Grant and Trumbo who conducted him to Washington.

## Visit of Italian Cruiser.

Italy is paying Uncle Sam a visit. Rear Admiral Roberts Cali, commanding the Italian ocean division, on his flagship, the cruiser Fieremosa, passed by this city about tour o'clock yesterday afternoon and is now lying off the Washington arsenal grounds. As soon as the ship dropped anchor, Lieut. Commander Patton, of the navy yard, boarded her and extended to Admiral Cali the courtesy of the port, and saked if there was anything that the local navy yard might do to provide for the comfort of the ship's officers and erew. Shartly after 8 o'clock this morning the Fieremosa fired a salute which was returned by guns at the arsenal. Some time during the day Commandant Leutze will visit Admiral Cali, who will probably return the call a short time after.
